DETAILED ACTION

1. The request filed May 15, 2006 for a request for continued examination (RCE) under 37 CFR 1.114 based on patent application 10/020,308 is acceptable and an RCE has been established. Independent claims 1 and 15-19 and dependent claim 6 are amended. Claims 7-11 are canceled. Thus claims 1-6 and 12-19 are pending/examined.

Response to Arguments

2. Applicant's arguments with respect to **Claims 1-6 and 12-19** have been considered but are moot in view of allowance.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. **Claim 16** is rejected under 35 U.S.C. 101 because the subject matter is directed to non-statutory subject matter.

5. **Claim 16** is directed to a **program stored and used by crypto communication system**. The examiner asserts that the limitation of the claim raises a question as to whether or not the program is stored on an appropriate medium and perform the function recited on the body of the claim when the program is read and executed by the computer. The claim does not clearly establish a statutory category of the invention. Therefore the claim is a program per se and does not fall within the statutory classes

Art Unit: 2132

listed in 35 USC 101. The language of the claims raises a question as to whether the claims are directed merely to an abstract idea that is not tied to a technological art, environment or machine which would result in a practical application producing a concrete, useful, and tangible result to form the basis of statutory subject matter under 35 U.S.C. 101. See MPEP § 2106 IV. B. 1(a).

Allowable Subject Matter

6. **Claims 1-6, 12-15 and 17-19** are allowed.
7. **Claims 16** will be allowed if the applicant overcome the 35 USC § 101 rejection set forth in this office action.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. (See PTO-Form 892).
